It was learned late last night from President Bradley, of the local club, that Manager Shaffer had arranged a deal with Manager Grim, of Lynchburg, whereby Pitcher Eckstone will be exchanged for Pitcher Rube Carter, of the latter team. While Carter is no seventh wonder, he is a good man, as his record for last year will show, and the pitching staff of the Colts will undoubtedly be much benefited by the exchange.

Carter won about seventy-five per cent. of his games last year, and he appears to have come back stronger than ever this season. In the opinion of many, he was the best twirler Grim had on his staff. It is understood that a neat sum was also given to the local management, together with Carter.

Weather permitting, Richmond will get together with the Champs on the Broad Street grounds to-morrow, and the enforced rest which has been inflicted on the men should count to good advantage. They will not be able to satisfactorily explain away any exhibition of stupidity or listless playing by saying that they were unable to get sufficient rest before the game, as was the case on Thursday. Of course, this does not mean that a lot is coming their way if they don't win. Just so they put up a snappy contest, show no disposition to go a-gathering of wool during the fracas, and put forth the best that's in them, the fans should be satisfied.

Mike Cassidy and Reddy Walsh, who were to have composed the battery for yesterday's game, will probably be chosen for to-morrow. It has been some time now since Cassidy appeared on the pit, and he should be able to retrieve his lost laurels, and start the remainder of the team will very likely line up as in the second game Thursday. Manager Shaffer still thinks Wallace's knee is in too bad a condition to do any work yet, but as Wallace is anxious to get back into the game, he may take his old place in center-field. If he does not, Cowan will police that suburb.

For the original "Happy Hooligan" of baseball, at least in the Virginia State League, Manager Jack Grim, of the champion Lynchburg aggregation, will have to be handed the prize for the hard luck which has haunted him this season. From appearances it would seem that the fickle Dame Fortune has been landing a pennant for Manager Grim, forsaking him for another. Not only has Grim been cut out of two Saturday games, but also the game of Friday which, because of the crowds in town, should have been good for an average Saturday attendance.

All this run of bad luck is even worse when it is realized that the owner in the league who is going it entirely on a lone hand is that same Grim, who is sole and exclusive stockholder of the Lynchburg club. When the team loses an engagement, it must be remembered that traveling expenses and players' salaries go on just the same. Or to put it in the words of Grim, "Everything going out and nothing coming in." Take it how you will, the Lynchburg owner takes the cake in the hard luck line, and he deserves credit for the sportsmanlike, philosophic manner in which he stands it all.

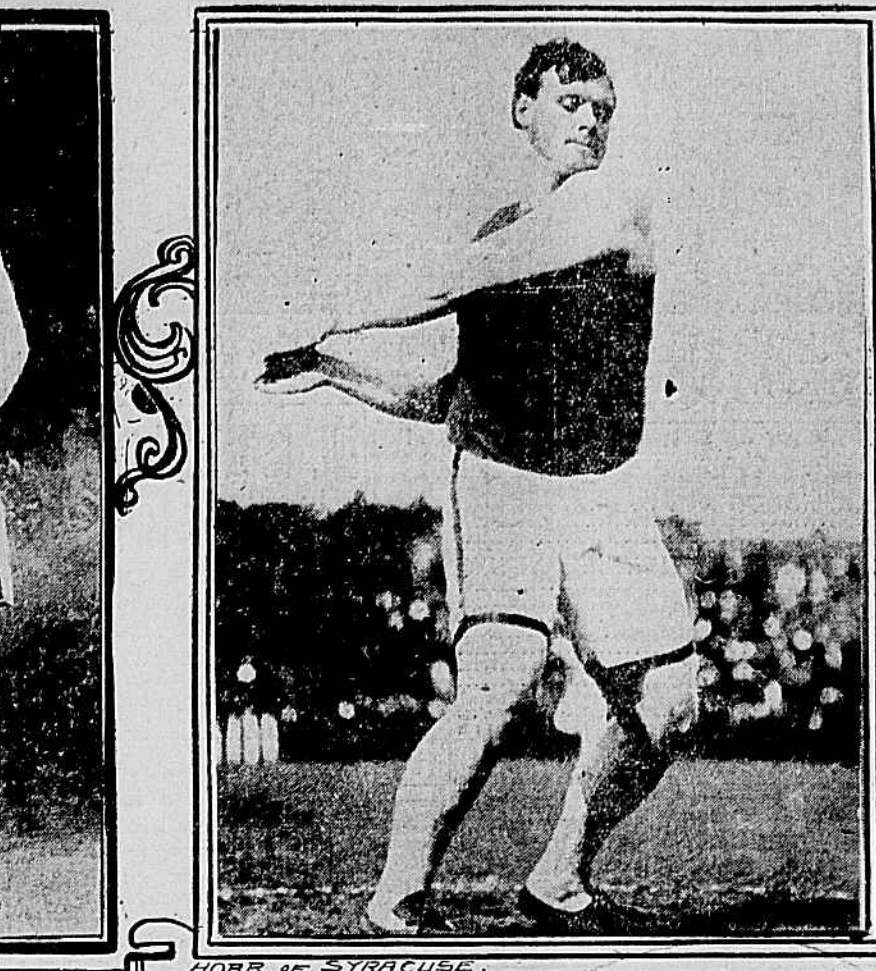

It is not irrelevant at this time to call attention to the abandoned way in which the aisles in the grandstand are allowed to be congested when a large crowd is on hand. While only one instance of a baseball grandstand being visited by a fire during a game can be recalled by the writer, and although all possible precautionary measures are taken for the prevention of such a calamity, still it is best to be on the safe side. If a fire should have started during the second game on Thursday there is no limit to the fatalities which would undoubtedly have resulted from the congested condition of the aisles alone.

Frank McCormick, who is down here from Washington trying to land a berth on one of the Virginia League teams, will probably be given a tryout by Manager Grim, of Lynchburg. McCormick is a good big fellow, with plenty of backbone, and should be a good one to fill in either at third or short, where Grim says he is weak. McCormick has played independent ball around Washington and Baltimore, and ranks with the best in those localities. He is not only a good infielder, but an outfielder as well, and what is better still, his batting is slightly above the average. If he doesn't locate in the State League, Manager Shaffer has promised to take him to the North Carolina organization.

ATHLETIC GAMES AT EXPOSITION

World's Amateur Championship at Jamestown Promise to Be Great Success.

THE TRACK IN FINE SHAPE

Martin Sheridan May Be Pitted Against Kieley for All-Around Title.

[Special to The Times-Dispatch.]

NORFOLK, VA., June 1.—John J. Conlen, superintendent of the athletic bureau at the Jamestown Exposition, has been in New York City for the past two days conferring with the different governing bodies of the Eastern universities regarding their representation in the Jamestown College track and field championships, which are to be held at the exposition on Saturday, June 22, and also with James E. Sullivan, president of the Amateur Athletic Union, in reference to the national all-around championships, the A. A. U. swimming and basketball championships and the senior and junior championships of the Amateur Athletic Union, which will be held at the exposition on Friday and Saturday, September 6 and 7.

According to a statement Mr. Conlen made to a reporter this morning, the exposition has every assurance of one of the most successful seasons of amateur sport in the history of athletic competitions. The colleges throughout the South will be represented at the college championships, on June 22, by their entire track and field teams, and all the Eastern universities, including Yale, Harvard, Princeton, Columbia and Cornell, will enter their point winners at the intercollegiate championships for the various events at the exposition.

Ireland is to have two representatives in the all-around championship, on July 4th. Martin Sheridan, the former all-around champion, is training daily on the Pastime Athletic Club grounds, and was highly pleased when he learned that he is to have two worthy competitors for the championship title. It is understood that Kieley, who won the championship at St. Louis in 1904, is sure to compete against Sheridan at the exposition on July 4th.

The South Atlantic Association of the Amateur Athletic Union holds their track and field championships at the exposition on Saturday, June 15th. Over 150 entries have already been received by the Athletic Bureau from the athletes of the South Atlantic territory for this meeting, together with entries from every club relay team. Interest in swimming events, some new records will very likely be hung up. The swimming and water polo championships are to be completed for the grand main formed by the government piers. There is a depth of seventeen feet of water in the basin, which is 50 yards wide and 450 yards long. This basin will be the best body of water in which a swimming or water polo championship was ever decided.

The athletic running track and infield at the exposition, according to Mr. Conlen, was finished nearly two weeks ago. It was built by "Sparrow" Robertson, the man that built the tracks at Buffalo and St. Louis, and Mr. Robertson says the track at Jamestown is the best he has ever built.

Taking it all in all, the superintendent of the athletic bureau at the ex-

position, who, by the way, was assistant chief of the department of physical culture at St. Louis in 1904, is confident that the athletic competitions to be decided this year at the Jamestown Exposition will surpass by far anything that has taken place in the United States in the last two years. The financial arrangements at the exposition, in so far as the athletic end is concerned, have, according to Superintendent Conlen, been amply taken care of.

MARVELOUS MILLER HAS RIVAL IN EDDIE DUGAN

NEW YORK, June 1.—Jockey Miller's admirers may not be willing to admit it, but that popular lad has a formidable rival in the tiny California apprentice boy, "Eddie" Dugan, who can ride as light as eighty-four pounds, is entitled to five-pound allowance in selling races, and who has shown judgment and perseverance worthy of an older head. Dugan is one of four brothers, all of whom have been jockeys. His older brother, W. Dugan, rode heavy weight races last year for Barney Schreiber.

HOWARD RELEASED BY M'G'R M'KEVITT

Danville's Star Pitcher Finds He Cannot Work This Season.

[Special to The Times-Dispatch.]
DANVILLE, VA., June 1.—"Rube" Howard, who was drafted by the Philadelphia Athletics but sold back to the "Tobaccoists" this year, asked for his release to-night, which was granted by Manager McKevitt with regret.

Howard strained the ligaments in his arm at the opening of the season in the game with Richmond, and has been in bad condition since. He has been kept on full pay in hopes that his arm would get better, but he will probably not play any more this season.

PENNSY BARELY BEATS MICHIGAN

Capture of 880 by Haskins Gives Quakers 33 to Westerners' 29 in Intercollegiate.

SIX RECORDS ARE SMASHED

New Marks Hung Up in Mile, Shot Put, Quarter, Two Mile, High Jump and Pole Vault.

BOSTON, June 1.—Five star athletes from the University of Pennsylvania won to-day's games by a landslide in the Harvard stadium to-day. The Harvard team proved to be a series of the most wonderful performances ever seen on an American college track.

New intercollegiate figures were written in six out of thirteen events. Pennsylvania was given a splendid fight for first place by seven men from the University of Michigan, winning four of the events. The Pennsylvanians scored a total of 23 to 29 for Michigan. Yale was third, with 23 points, while Cornell finished fourth, with 15 points. Princeton and Syracuse with 8 beat out Harvard, the Bostonians getting but 7 points.

The record-breakers were Taylor, of Pennsylvania, 400-yard run, in 48.4 seconds; Haskins, of Pennsylvania, mile run, in 4 minutes 20.3 seconds; Dow, of Michigan, two-mile run, in 9 minutes 3.4 seconds; Moffet, of Pennsylvania, high jump, 6 feet 3.4 inches; Krueger, of Swarthmore, putting the shot, 46 feet 3.2 inches; Dray, of Yale, pole vault, 11 feet 9 inches.

Intercollegiate records were broken in the mile, the shot put, the quarter-mile, two miles, high jump and pole vault. Garrels, of Michigan, ran the high hurdles in 15.1 seconds, but Kraenzlein's mark of 15.2 seconds will remain the intercollegiate figure.

ATHLETIC CODE CHANGED AT N. C.

Sweeping Changes in Association Constitution at the Tarheel University.

[Special to The Times-Dispatch.]
CHAPEL HILL, N. C., June 1.—As a result of a student mass-meeting called to discuss the constitution of athletics at the university, it has been decided to inaugurate some sweeping changes in the management of the athletic association business.

Heretofore this has been attended to almost entirely by an advisory committee, composed of members of the faculty and of the student body. Furthermore, there has been no fee charged for membership in the athletic association, and hence it has assumed a position of minor importance, and it is believed that much of a certain lack of interest notable at the university can be traced to this. Naturally, to remedy affairs it is desirable to give to the athletic association a more stable
